BUSINESS REVIEW

In-Orbit Satellites

For the first half year of 2014, the Group's in-orbit satellites and their corresponding ground TT&C (telemetry, tracking and command) systems and earth station have been operating under normal condition during the period and continue to provide reliable and high quality services to the Group's customers. As at 30 June 2014, the total transponder utilization rate of the Group's satellites was 79.9%.

The Group's in-orbit satellites, APSTAR 5, APSTAR 6, APSTAR 7, APSTAR 7B and APSTAR 9A, have integrated to form the super wide and strong satellite service capability provided to Asia, Australia, Middle East, Africa, Europe, and the Asia Pacific region, covering more than 75% of the world's population.

APSTAR 5

APSTAR 5 is positioned at 138 degree East geostationary orbital slot, with footprints covering Asia, Australia, New Zealand, Pacific Islands and Hawaii, as well as Mainland China, India, Taiwan and Hong Kong. The Group holds 20 C-band transponders and 9 Ku-band transponders of the APSTAR 5. As at 30 June 2014, the utilization rate of APSTAR 5 was 77.7%.

APSTAR 6

APSTAR 6 is positioned at 134 degree East geostationary orbital slot, contains 38 C-band transponders and 12 Ku-band transponders with footprints covering the regions in Asia, Australia, New Zealand, Pacific Islands and Hawaii. As of 30 June 2014, the utilization rate of APSTAR 6 was 91.8%.

APSTAR 7

APSTAR 7 is positioned at 76.5 degree East geostationary orbital slot with 28 C-band transponders and 28 Ku-band transponders and footprints covering up to 75% of the World's population in Asia Pacific Region, Middle East, Africa and Europe. As of 30 June 2014, the utilization rate of APSTAR 7 was 71.9%.

APSTAR 7B

APSTAR 7B is the backup satellite for APSTAR 7. Subsequent to the successful launch of APSTAR 7 in 2012, APSTAR 7B has already been transferred to China Satellite Communications Company Limited ("China Satcom"), and was launched and positioned at 87.5 degree East geostationary orbital slot with footprints covering Asia Pacific Region, Middle East and Africa. Starting from the second half of 2013, the Group can lease from China Satcom certain transponder capacities of APSTAR 7B and provide transponder services of the satellite to customers.

APSTAR 9A

Commencing from 2014, the Group can lease from China Satcom certain transponders of Chinasat 5A (renamed as APSTAR 9A Satellite) at 142 degree East orbital slot. APSTAR 9A has developed a strong customer base for its replacement satellite, APSTAR 9 Satellite. Meanwhile, APSTAR 9A Satellite will achieve satisfactory growths in business revenue and profit over the coming two years and secure market share. As of 30 June 2014, the utilization rate of APSTAR 9A was 78.5%.

Future Satellite

APSTAR 9

On 22 November 2013, APT Group entered into the APSTAR 9 Satellite In-orbit Delivery Contract with China Great Wall Industry (Hong Kong) Corp. Limited (the “Contractor”), a wholly owned subsidiary of China Great Wall Industry Corporation, in respect of the manufacture, delivery and launch of a high power geostationary communication satellite based on DFH-4 series platform, with 32 C-band transponders and 14 Ku-band transponders. APSTAR 9 is expected to be launched in the fourth quarter of 2015. After the in-orbit delivery of the APSTAR 9 Satellite at 142 degree East orbital slot, it will subsequently replace APSTAR 9A. APSTAR 9 Satellite will take up the strong customer-base of APSTAR 9A Satellite upon the completion of the satellite replacement process. The Group believes that APSTAR 9 Satellite will further enhance the Group’s capability of transponder services, broadcasting services and telecommunication services in Asia Pacific Region so as to expand the customer base and increase the business revenue and profit. As of 30 June 2014, the construction progress of the satellite has been smooth.

Transponder Lease Services

For the first half year of 2014, with the commencement of APSTAR 9A project, the Group has further expanded the satellite capacity and maintained high utilisation rates. The Group has maintained its original market shares and major customers as well as increased new customers and sales in the Asia Pacific region, Middle East and Africa, and has further enhanced the Group’s customer-base and market outreach.

Satellite TV Broadcasting and Uplink Services

The Group’s broadcasting service is delivered through its wholly-owned subsidiary, APT Satellite TV Development Limited, which will continue to provide satellite TV broadcasting services under its Non-domestic Television Programme Service Licence. For the first half year of 2014, broadcasting services have again achieved new business growth by means of MCPC Platform Uplink Services.

Satellite-based Telecommunications Services

APT Telecom Services Limited, a wholly-owned subsidiary of the Group, provides satellite-based external telecommunication services such as VSAT, facilities management services, satellite telecommunication and satellite television uplink services under the Fixed Carrier Licence of Hong Kong to telecommunication operators or customers including satellite operators and Internet service providers in the region.

Data Centre Services

APT Datamatrix Limited, a wholly owned subsidiary of the Group, has started the commercial operation and provides data centre services based on the expansion of the existing facilities station from the first quarter of 2013. Data centre service is a newly established telecommunication service for our customers with significant business growth potential and excellent synergic effect with satellite services, broadcasting services and telecommunication services.

BUSINESS PROSPECTS

Looking forward to the whole year of 2014, the supply of transponders has increased rapidly in the Asia Pacific Region, Middle East and African region. The market competition of the satellite industry has become very fierce and the market has encountered price downward pressure. Nevertheless, the transponder utilisation rates of the Group's satellites, APSTAR 5, APSTAR 6, APSTAR 7, APSTAR 7B and APSTAR 9A will be maintained at a high level and will achieve satisfactory revenue and profit. Meanwhile, the Group will continue to achieve synergic effect from various value-added services in TV broadcasting services, telecommunication services and data centre services for fueling business growth.

FINANCE

As at 30 June 2014, the Group's financial position remains very robust and we have achieved continuous improvement in our operating result. Please refer to financial section for detailed analysis.

CORPORATE GOVERNANCE

The Group commits to a high standard of corporate governance especially in internal control and compliance; adheres to the business code of ethics, which is applicable to all directors, senior management and all employees; implements whistleblower protection policy, as well as advocates environmental awareness.

NOTE OF APPRECIATION

I would like to express my sincere gratitude to all the customers in the period and my grateful gratitude to all our staff for their valuable contribution to the Group.

The Group, with turnover growth of 12.3%, representing an increase of HK\$68,849,000, comparing to the same period of 2013. The increase in turnover was mainly due to the higher income generating from the new utilisation contracts for APSTAR 9A. The profit attributable to shareholders decreased by 6.7% to HK\$260,361,000. Lower profit was mainly due to fair value loss realised upon conversion of the convertible bonds into shares of CNC Holdings Limited as announced on 30 May 2014. If the fair value loss is excluded, the profit generating from core business increased by 12.1% as comparing to the same period of 2013.

Other net income

Other net income for the period ended 30 June 2014 increased to HK\$23,476,000, as compared to other net income of HK\$14,039,000 for the same period in last year. The increase was mainly due to the interest income generated from the Renminbi bank deposit.

Finance costs

Finance costs for the period ended 30 June 2014 decreased to HK\$13,457,000, as compared to finance costs of HK\$14,266,000 for the same period in 2013. The decrease was primarily due to the decrease in borrowing amount after repayment of bank loan.

Fair value changes on financial instrument designated at fair value through profit or loss

In May 2014, the Group converted the convertible bonds issued by CNC Holdings Limited held into 178,571,429 ordinary shares of the issuer and realised a fair value loss of HK\$66,683,000 upon conversion. The investment in listed share of CNC Holdings Limited is designated as “financial assets at fair value through profit or loss” with an initial fair value of HK\$35,000,000. As at 30 June 2014, the investment in listed securities was remeasured at a fair value of HK\$54,464,000, based on the market price as at period end, with fair value gain of HK\$19,464,000 credited to profit or loss. The details of financial assets at fair value through profit or loss of the Group are set out in note 14 to this interim financial report.

Income tax

Income tax expenses for the period ended 30 June 2014 decreased to HK\$43,221,000, as compared to HK\$53,298,000 for the same period in 2013. The decrease was mainly due to a lower profit before tax and reversal of provision for withholding taxes on overseas income in current period. The details of income tax of the Group are set out in note 6 to this interim financial report.

CAPITAL EXPENDITURE, LIQUIDITY, FINANCIAL RESOURCES AND GEARING RATIO

During the period, the Group’s capital expenditure incurred for property, plant and equipment was HK\$167,499,000 (six months ended 30 June 2013: HK\$17,551,000). The capital expenditure was mainly for the payments for the purchases of APSTAR 9 and other equipment. The above capital expenditures were financed by internally-generated funds.

The Group entered into a term loan facility (the “2010 Facility”) with a syndicate of banks led by Bank of China (Hong Kong) Limited in 2010. The 2010 Facility, up to a maximum loan amount of US\$200,000,000, was applied to finance APSTAR 7 including its construction, launch costs and their related constructions and insurance premium. The 2010 Facility is secured by the assignment of the construction, launching and related equipment contracts relating to APSTAR 7 and the termination payments under construction, the insurance claim proceeds relating to APSTAR 5 and APSTAR 7, assignment of the proceeds of all present and future transponder utilisation agreements of APSTAR 5 and APSTAR 7 and first fixed charge over certain bank accounts which hold receipts of the transponder income. During the period, the Group has repaid US\$14,000,000 (approximately HK\$109,200,000) against the 2010 Facility. The outstanding principal balance of the 2010 Facility was US\$146,000,000 (approximately HK\$1,138,800,000) at 30 June 2014.

The Group recorded a decrease of approximately HK\$108,071,000 in the total borrowings during the period ended 30 June 2014, which was mainly due to the decrease of borrowing amount after repayment of part of the 2010 Facility.

The debt maturity profile (net of unamortised finance cost) of the Group was as follows:

Term of repayment	HK\$
Repayable within one year or on demand	108,044,000
Repayable after one year but within five years	1,024,923,000
Repayable after five years	—
	1,132,967,000

As a result, the gearing ratio (total liabilities/total assets) has decreased to 33.4%, representing a 2.1 percentage points decrease as compared to 31 December 2013.

For the period ended 30 June 2014, the Group recorded a net cash outflow of HK\$18,431,000 (six months ended 30 June 2013: net cash inflow of HK\$86,603,000) which included net cash outflow of HK\$105,874,000 used in investing activities, net cash outflow of HK\$165,022,000 used in financing activities. This was offset by the net cash inflow from operating activities of HK\$252,465,000. As at 30 June 2014, the Group has approximately HK\$1,288,985,000 of cash and bank deposits, 26.3% of which were denominated in United States Dollar, 72.7% in Renminbi and 1% in Hong Kong Dollar and other currencies which comprising HK\$71,100,000 cash and cash equivalents, HK\$1,199,433,000 bank deposits with original maturity beyond 3 months and HK\$18,452,000 pledged bank deposits. Together with cash flow to be generated from operations, the Group could meet with ease all the debt repayments scheduled in the future years.

CAPITAL STRUCTURE

The Group consistently adheres to conservative fund management. The solid capital structure and financial strength continue to provide a solid foundation for the Group's future development.

FOREIGN EXCHANGE EXPOSURE

The Group's revenue and operating expenses are mainly denominated in United States Dollar and Renminbi. Capital expenditures are denominated in United States Dollar. The effect of exchange rate fluctuation in the United States Dollar is insignificant as the Hong Kong Dollar is pegged to the United States Dollar. The foreign exchange rate of the Renminbi has depreciated against the Hong Kong Dollar during the period ended 30 June 2014.

NOTES TO THE UNAUDITED INTERIM FINANCIAL REPORT

(Expressed in Hong Kong dollars unless otherwise indicated)

1. BASIS OF PREPARATION

This interim financial report of APT Satellite Holdings Limited (the “Company”) and its subsidiaries (the “Group”) has been prepared in accordance with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited, including compliance with International Accounting Standard (“IAS”) 34, “*Interim financial reporting*”, issued by the International Accounting Standards Board (“IASB”) and Hong Kong Accounting Standard (“HKAS”) 34, “*Interim financial reporting*”, issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). It was authorised for issue on 25 August 2014.

The interim financial report has been prepared in accordance with the same accounting policies adopted in the 2013 annual financial statements, except for the accounting policy changes that are expected to be reflected in the 2014 annual financial statements. Details of these changes in accounting policies are set out in note 2.

The preparation of an interim financial report in conformity with IAS 34 and HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

This interim financial report contains condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the 2013 annual financial statements. The condensed consolidated interim financial statements and notes thereon do not include all of the information required for a full set of financial statements prepared in accordance with International Financial Reporting Standards (“IFRSs”) or Hong Kong Financial Reporting Standards (“HKFRSs”).

The interim financial report is unaudited, but has been reviewed by the Company’s auditors, KPMG, in accordance with Hong Kong Standard on Review Engagements 2410, “*Review of interim financial information performed by the independent auditor of the entity*”, issued by the HKICPA. KPMG’s independent review report to the Board of Directors is included on pages 35 to 36.

The financial information relating to the financial year ended 31 December 2013 that is included in the interim financial report as being previously reported information does not constitute the Company’s statutory financial statements for that financial year but is derived from those financial statements. Statutory financial statements for the year ended 31 December 2013 are available from the Company’s registered office. The auditors have expressed an unqualified opinion on those financial statements in their report dated 24 March 2014.

2. CHANGES IN ACCOUNTING POLICIES

The IASB has issued a number of amendments to IFRSs and one new interpretation that are first effective for the current accounting period of the Group and the Company. The equivalent amendments to HKFRSs, consequently issued by the HKICPA, have the same effective date as those issued by the IASB and are in all material respects identical to the pronouncements issued by the IASB. Of these, the following developments are relevant to the Group's interim financial report:

- Amendments to IFRS/HKFRS 10, IFRS/HKFRS 12 and IAS/HKAS 27, *Investment entities*
- Amendments to IAS/HKAS 32, *Offsetting financial assets and financial liabilities*
- Amendments to IAS/HKAS 36, *Recoverable amount disclosures for non-financial assets*

The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

The impacts of the developments are discussed below:

Amendments to IFRS/HKFRS 10, IFRS/HKFRS 12 and IAS/HKAS 27, *Investment entities*

The amendments provide consolidation relief to those parents which qualify to be an investment entity as defined in the amended IFRS/HKFRS 10. Investment entities are required to measure their subsidiaries at fair value through profit or loss. These amendments do not have an impact on the Group's interim financial report as the Company does not qualify to be an investment entity.

Amendments to IAS/HKAS 32, *Offsetting financial assets and financial liabilities*

The amendments to IAS/HKAS 32 clarify the offsetting criteria in IAS/HKAS 32. The amendments do not have an impact on the Group's interim financial report as they are consistent with the policies already adopted by the Group.

Amendments to IAS/HKAS 36, *Recoverable amount disclosures for non-financial assets*

The amendments to IAS/HKAS 36 modify the disclosure requirements for impaired non-financial assets. Among them, the amendments expand the disclosures required for an impaired asset or CGU whose recoverable amount is based on fair value less costs of disposal. The adoption of the amendments do not have any material impact on the fair value measurement of the Group's assets and liabilities.

3. SEGMENTAL REPORTING

Operating segment

The Group identifies operating segments and prepares segment information based on the regular internal financial information reported to the executive directors for their decisions about resources allocation with respect to the Group's business components and for their review of the performance of those components. The business components in the internal financial information reported to the executive directors are determined based on the Group's major operations. Since over 90% of the Group's revenue, operating results and assets during the six months ended 30 June 2014 and 2013 were derived from the provision of satellite transponder capacity and related services, no operating segment analysis is presented.

Geographical information

The Group's operating assets consist primarily of its satellites which are put into services for transmission to multiple countries but not based within a specific geographical location. Accordingly, no segment analysis of the carrying amount of segment assets by location of assets is presented.

The Group is domiciled in Hong Kong. The revenue derived from customers in (a) Hong Kong, (b) Greater China (which includes Mainland China, Taiwan and Macau but excludes Hong Kong), (c) Southeast Asia and (d) other regions for the six months ended 30 June 2014 are \$63,562,000, \$141,907,000, \$257,274,000 and \$165,197,000 respectively (six months ended 30 June 2013: \$50,486,000, \$139,128,000, \$203,174,000 and \$166,303,000 respectively).

No provision has been made for Hong Kong Profits Tax as the Company and its subsidiaries either has tax losses available to offset current period assessable profits or has no estimated assessable profits for the period.

Taxation outside Hong Kong includes profits tax and withholding tax paid or payable in respect of the Group's income from provision of satellite transponder capacity to customers who are located outside Hong Kong. Over-provision in respect of prior years represents reversal of provision for withholding taxes. Management considers the likelihood of the Group being required to pay such withholding taxes has become remote and therefore made the reversal during the period.

Deferred taxation in respect of Hong Kong Profits Tax was calculated at 16.5% (six months ended 30 June 2013: 16.5%) of the estimated temporary differences for the period.

A valuation gain of \$372,000 (six months ended 30 June 2013: \$1,146,000) has been recognised in the profit or loss during the six months ended 30 June 2014.

There was no addition, disposal or transfer of investment property during the six months ended 30 June 2014 and 2013.

11. INTANGIBLE ASSET

During the six months ended 30 June 2014 and 2013, the Group conducted a review for impairment of the intangible asset and concluded no impairment would be required.

On 9 July 2010, APT HK, as borrower and the Company as guarantor entered into a Facilities Agreement with a syndicate of banks in respect of term loan facilities not exceeding an aggregate maximum amount of US\$200 million (“the 2010 Facility”). The 2010 Facility is applied to finance APSTAR 7 including its construction, launch costs and their related construction costs and insurance premium. The 2010 Facility is secured by the assignment of the construction, launching and related equipment contracts relating to APSTAR 7 and the termination payments under construction, the insurance claim proceeds relating to APSTAR 5 and APSTAR 7, assignment of the proceeds of all present and future transponder utilisation agreements of APSTAR 5 and APSTAR 7 and first fixed charge over certain bank accounts which will hold receipts of the transponder income. If the Group were to breach the covenants, the drawn down facilities would become payable on demand. The Group regularly monitors its compliance with these covenants. For the six months ended 30 June 2014, the Group complied with all of the above covenants.

20. FAIR VALUE MEASUREMENT

IFRS/HKFRS 13, Fair value measurement categorises fair value measurements into a three-level hierarchy. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

INDEPENDENT REVIEW REPORT

To the Board of Directors of APT Satellite Holdings Limited

(Incorporated in Bermuda with limited liability)

INTRODUCTION

We have reviewed the interim financial report set out on pages 11 to 30 which comprises the consolidated balance sheet of APT Satellite Holdings Limited (the “Company”) as of 30 June 2014 and the related consolidated income statement, statement of comprehensive income and statement of changes in equity and condensed consolidated statement of cash flows for the six month period then ended and explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of an interim financial report to be in compliance with the relevant provisions thereof, and to be in compliance with either International Accounting Standard 34 “Interim financial reporting” issued by the International Accounting Standard Board (“IAS 34”) or Hong Kong Accounting Standard 34 “Interim financial reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKAS 34”), depending on whether the issuer’s annual financial statements were prepared in accordance with International Financial Reporting Standards (“IFRSs”) or Hong Kong Financial Reporting Standards (“HKFRSs”) respectively. As the annual financial statements of the Company are prepared in accordance with both IFRSs and HKFRSs, the directors are responsible for the preparation and presentation of the interim financial report in accordance with both IAS 34 and HKAS 34.

Our responsibility is to form a conclusion, based on our review, on the interim financial report and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, “Review of interim financial information performed by the independent auditor of the entity”, issued by the Hong Kong Institute of Certified Public Accountants. A review of the interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the interim financial report as at 30 June 2014 is not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim financial reporting" or Hong Kong Accounting Standard 34, "Interim financial reporting".
